

Australian Research Council Ranking of Journals (2009)

A* A B C

Next 15%

[*“The majority of papers in a Tier A journal will be of very high quality. Publishing in an A journal would enhance the author’s standing, showing they have real engagement with the global research community and that they have something to say about problems of some significance. Typical signs of an A journal are lowish acceptance rates and an editorial board which includes a reasonable fraction of well known researchers from top institutions.”*]

African Journal of International and Comparative Law

American Business Law Journal

American Journal of Jurisprudence: an international forum for legal philosophy
